

## MATLAB for NUI Galway

**NUI Galway** has a Campus-Wide License for MATLAB, Simulink, and add-on products. Faculty, researchers, and students may use these products for teaching, research, and learning. The license allows individuals to install the products on university-owned equipment, as well as personally owned computers.

## About MATLAB and Simulink

MATLAB, the language of technical computing, is a programming environment for algorithm development, data analysis, visualization, and numeric computation. Simulink is a graphical environment for simulation and Model-Based Design of multidomain dynamic and embedded systems. MathWorks produces nearly 100 additional products for specialized tasks such as data analysis and image processing.

## Get Access through: [NUI Galway MATLAB Portal](#)

### *End Users Instructions*

#### **End User: Download the Installer**

1. Go to our [MATLAB Portal](#) provided by **NUI Galway**. Select '**Sign in to get started**' under the **Get MATLAB and Simulink** section.
2. Log into your MathWorks account that is associated to your University license. (Note – you may be asked to login with your University credentials first).
3. Click the **download** button for the current release. (Users can also download previous releases here).
4. Choose a supported platform and download the installer.

#### **End User: Install and Activate**

1. Run the **installer**.
2. In the installer, **select Log in with a MathWorks Account** and follow the online instructions.
3. When prompted to do so, select the **Academic – Total Headcount** license labelled **Individual**.
4. Select the products you want to download and install.
5. After downloading and installing your products, keep the **Activate MATLAB** checkbox selected and click **Next**.
6. Follow the prompts to activate MATLAB.
